Get Valcom's Earthquake Early Warning System
USGS **ShakeAlert**® compatible

PUBLIC ADDRESS/PAGING

Streamline daily communications

Send pre-recorded audio

Send live voice

Send visual notifications to LED signs

Send intercom calls

Touch screen convenience

The VIP-895-E Emergency Communication Panel is designed to streamline emergency notifications to your audience. The VIP-895-E can store pre-recorded emergency notifications such as evacuate, lockdown and shelter-in-place, so that you can quickly broadcast audio and visual emergency alerts throughout your facility.

For locations in California, Washington, and Oregon, the VIP-895-E is capable of Valcom's Earthquake Early Warning System that is compatible with the USGS' **ShakeAlert**® to instantly send earthquake early warnings.

Handset for one-way paging

Send clear visual notifications to our LED Signs
