Get Valcom's Earthquake Early Warning System

USGS ShakeAlert® compatible

PUBLIC ADDRESS/PAGING

Streamline daily communications

Send pre-recorded audio

Send live voice

Send visual notifications to LED signs

Send intercom calls

The VE8095-E Emergency Communication Panel is designed to streamline emergency notifications to your audience. The VE8095-E can store pre-recorded emergency notifications such as evacuate, lockdown and shelter-in-place, so that you can quickly broadcast audio and visual emergency alerts throughout your facility.

For locations in California, Washington, and Oregon, the VE8095-E is capable of Valcom's Earthquake Early Warning System that is compatible with the USGS' **ShakeAlert®** to instantly send earthquake early warnings.

Handset for one-way paging

Send clear text messages to our LED Signs
