

Wire Guards

Valcom's Wire Guards provide an extra layer of protection for horns and speakers in high damage areas such as school yards, gymnasiums, prisons and manufacturing facilities where vandalism and accidental damage can occur. The wire guard is designed of heavy gauge construction and is zinc plated to help prevent corrosion from environmental elements.

Sturdy, reliable protection for horns & speakers.

Wire Guards

- for FlexHorn™ V-WGFLEX-2
- for Horn V-WGHORN-2
- for Wall Speaker..... V-WGWALL-2
