

## Press Release

### Valcom Enhances Unified Alerting Ecosystem

**Roanoke, VA - July 31, 2018**

Valcom is pleased to add Chromebook to its Unified Alerting Ecosystem. Now offering instantaneous alerting to all types of devices including Chromebook, Apple IOS, Android and Windows.

Easily and instantly reach everyone, anywhere, on any device or platform; and, there is no requirement for sign-up or database management. A great enhancement to your Mass Notification needs.
