

Wireless Clocks

Valcom's wireless analog clocks are available in both 12" or 16" diameters. They feature RF transparent enclosures with shatter-proof polycarbonate crystals that makes it lightweight and durable.

Valcom's wireless digital clocks are available with 2.5" or 4" easy-to-read 4 digit displays. Each time piece offers proven time-keeping accuracy and reliability. Wireless clocks are battery operated and require no additional infrastructure, and have up to a 7 year battery life.

All clocks retransmit time sync to adjacent clocks for unlimited system size. No FCC license requirements. Optionally, wireless clocks may be digitally corrected every second. Valcom's synchronized wireless Clocks are ideal for schools, universities, offices, government agencies, healthcare, manufacturing and transportation facilities.

Features & Advantages

Precision Time Clock

Time keeping accuracy and reliability.

Built-In Repeater, Transmitter

Transmit accurate time to remote clocks without a high power transmitter. The clocks correct each other via a wireless mesh network.

Wireless Battery

No cabling required.

Analog

12-Inch Battery Operated V-AW12B
12-Inch Military Dial..... V-AW12B-MD
12-Inch 110Vac/24Vdc V-AW12BLP
16-Inch Battery Operated V-AW16B
16-Inch 110Vac/24Vdc V-AW16BLP

Digital 4-Digits

2.5-Inch Numbers 110Vac V-DW11025B
4.0-Inch Numbers 110Vac V-DW11040B

▶ Accessory: *Optional*

Double-Sided Brackets

for 4-Digit Digital Clocks V-DMKIT
for 12-Inch Analog Clocks V-WDM-12
for 16-Inch Analog Clocks V-WDM-16

Surface Mounting

for 12" Analog Clocks V-SMR12AW
for 16-Inch Analog Clocks V-SMR16AW

Wire Guards

for 4-Digit Digital Clocks V-WGD4
for 12 & 16" Analog Clocks V-WGACKL
